Qlue Flutter Mobile Application UI Design Specifications

Version 1.0
Date: March 16, 2026
Platform: Flutter 3.x
Design System: Qlue Color System (Modern SaaS - Arctic Blue)

Executive Summary

This document provides comprehensive UI design specifications for all screens in the Qlue mobile application, an AI-powered voice-based mock interview platform. The designs are based on the Modern SaaS color palette with Arctic Blue as the primary color and implement industry-standard mobile UI patterns optimized for Flutter development.

Design System Foundation

Color Palette (Modern SaaS - Arctic Blue)

Primary Colors:

- **Primary-500 (Arctic Blue):** `#1A73C7` - Main interactive elements, CTAs
- **Primary-600 (Hover):** `#0D5AA8` - Button hover states
- **Primary-700 (Active):** `#094485` - Pressed/active states

Secondary Colors:

- **Secondary-500 (Mint Fresh):** `#1A9D66` - Supporting actions
- **Secondary-400:** `#35BC82` - Secondary icons

Tertiary Colors:

- **Tertiary-500 (Warm Amber):** `#FF9326` - Accent highlights

- **Tertiary-400:** `#FFB04D` - Badge backgrounds

Neutral Colors:

- **Neutral-900:** `#151B24` - Primary text
- **Neutral-500:** `#5C6B82` - Secondary text
- **Neutral-300:** `#B3BCCD` - Borders, disabled text
- **Neutral-50:** `#F7F8FA` - Background tint

Semantic Colors:

- **Success-500:** `#1D9D54` - Checkmarks, success states
- **Error-500:** `#E84343` - Error states, delete actions
- **Warning-500:** `#F5AC00` - Warning alerts
- **Info-500:** `#0095E8` - Information messages

Module Identity Colors:

- **Resume Module (Document Blue):** `#2668E8`
- **HR Module (Empathy Rose):** `#F53D6E`
- **Website Module (Digital Teal):** `#00D9B8`

Typography

Font Family: `FKGroteskNeue`, fallback to system fonts
Font Sizes:

- Heading 1: 30px (Bold)
- Heading 2: 24px (SemiBold)
- Heading 3: 20px (SemiBold)
- Body Large: 16px (Regular)
- Body: 14px (Regular)
- Caption: 12px (Regular)
- Small: 11px (Regular)

Spacing System

- **Extra Small:** 4px
- **Small:** 8px
- **Medium:** 16px
- **Large:** 24px
- **Extra Large:** 32px

Border Radius

- **Small:** 6px (Chips, badges)
- **Base:** 8px (Buttons, inputs)
- **Medium:** 10px (Cards)
- **Large:** 12px (Modals)

Screen Categories

1. Authentication Screens

2. Resume Module Screens

3. HR Module Screens

4. Website Module Screens

5. Interview Session Screens

6. Analytics Screens

7. Profile Screens

---

1. Authentication Screens

1.1 Splash Screen

Purpose: App launch screen with branding
Owner: Meghana (Day 1)

Layout:

- Centered logo and branding
- Subtle loading animation
- App tagline below logo

Design Specifications:

Element	Specification
Background	Linear gradient: Primary-50 to Surface (White)
Logo	120x120px, centered vertically
App Name	"Qlue" - 30px Bold, Primary-700
Tagline	"AI-Powered Interview Practice" - 14px Regular, Neutral-500
Loading Indicator	Circular progress, Primary-500, 24px diameter

Table 1: Splash Screen Components

Color Usage:

- Background gradient from `#F0F7FF` (Primary-50) to `#FFFFFF` (White)
- Primary accent: `#1A73C7` (Primary-500)

Transition: Auto-navigate to LoginScreen after authentication check (1-2 seconds)

1.2 Login Screen

Purpose: User authentication entry point
Owner: Meghana (Day 2)

Layout:

- Top: App logo and welcome message
- Center: Email and password input fields
- Bottom: Login button, forgot password link, signup navigation

Design Specifications:

Element	Specification
Container Padding	24px horizontal, SafeArea respected
Logo	80x80px, top-center, margin-top: 48px
Welcome Text	"Welcome Back" - 24px SemiBold, Neutral-900
Email Input	Height: 56px, Border: 1px Neutral-300, Radius: 8px
Password Input	Height: 56px, Border: 1px Neutral-300, Radius: 8px, eye icon
Login Button	Height: 56px, Background: Primary-500, Text: White, Bold
Forgot Password	"Forgot Password?" - 14px Regular, Primary-500, underlined
Sign Up Link	"Don't have an account? Sign up" - 14px Regular, Primary-500

Table 2: Login Screen Components

Validation States:

- **Default:** Border Neutral-300
- **Focus:** Border Primary-500, 2px width
- **Error:** Border Error-500, error text below field (12px, Error-500)
- **Success:** Border Success-500, checkmark icon

Button States:

- **Default:** Background Primary-500, Text White
- **Hover:** Background Primary-600
- **Disabled:** Background Neutral-200, Text Neutral-400
- **Loading:** Circular progress indicator, disabled state

Error Handling:

- Display error toast at top: Red background (`#FEE5E5`), Error text color
- Invalid credentials message below password field

1.3 Register Screen

Purpose: New user account creation
Owner: Meghana (Day 3)

Layout:

- Scrollable form with fields: Full Name, Email, Password, Confirm Password
- Terms and conditions checkbox
- Sign up button
- Already have account navigation

Design Specifications:

Element	Specification
Header	"Create Account" - 24px SemiBold, Neutral-900
Form Fields	Each 56px height, 16px vertical spacing
Full Name Input	Icon: person, left-aligned, 24px, Neutral-400
Email Input	Icon: email, validation on blur
Password Input	Icon: lock, strength indicator below (weak/medium/strong)
Confirm Password	Match validation with password field
Terms Checkbox	20x20px, Primary-500 when checked, label 12px
Sign Up Button	Height: 56px, Full width, Primary-500

Table 3: Register Screen Components

Password Strength Indicator:

- **Weak:** Red bar (Error-500), "Weak" text
- **Medium:** Orange bar (Warning-500), "Medium" text
- **Strong:** Green bar (Success-500), "Strong" text

Validation Rules:

- Email: Valid email format
- Password: Minimum 8 characters, 1 uppercase, 1 number

- Confirm Password: Must match password
- Terms: Must be checked to proceed

1.4 Profile Screen

Purpose: User profile management
Owner: Meghana (Day 4)

Layout:

- Header with profile avatar and name
- Personal information section
- Settings and preferences
- Logout button

Design Specifications:

Element	Specification
Header Background	Primary-500, height: 200px, curved bottom
Avatar	80x80px circle, center-top, border: 4px White
User Name	20px SemiBold, White, below avatar
Email	14px Regular, White opacity 0.8
Info Cards	White background, 12px radius, 16px padding, shadow-sm
Edit Button	Icon button, top-right, White color
Logout Button	Secondary button, Error-500 text, bottom of screen

Table 4: Profile Screen Components

Information Sections:

1. **Personal Information**
    - Full Name (editable)
    - Email (read-only)
    - Phone Number (optional)
2. **Preferences**

    - Notification Settings (toggle)
    - Voice Settings (toggle)
    - Theme (Light/Dark toggle)
3. **Account Actions**
    - Change Password
    - Delete Account (destructive)

1.5 Edit Profile Screen

Purpose: Edit user profile information
Owner: Meghana (Day 4)

Layout:

- AppBar with back button and save action
- Editable form fields
- Save changes button

Design Specifications:

Element	Specification
AppBar	White background, elevation: 1, title: "Edit Profile"
Avatar Edit	Circular with camera icon overlay, tap to change photo
Form Fields	Same styling as Register screen, pre-filled values
Save Button	Primary button, bottom of screen, sticky
Cancel Button	Secondary button, inline with Save

Table 5: Edit Profile Screen Components

Validation: Real-time validation on field blur, save button disabled until valid

---

2. Resume Module Screens

Module Color: Document Blue `#2668E8`

2.1 Resume Upload Screen

Purpose: Upload and parse resume files
Owner: Meghana (Day 6)

Layout:

- Module header with Document Blue accent
- Upload area (drag-drop or file picker)
- Upload history list
- Start interview button

Design Specifications:

Element	Specification
Module Header	Document Blue-100 background, icon and title
Upload Area	Dashed border (Document Blue-300), 200px height
Upload Icon	Document Blue-500, 48x48px, centered
Upload Text	"Tap to upload or drag file here" - 14px, Neutral-500
Supported Formats	".pdf, .docx" - 12px, Neutral-400, below upload text
File Size Limit	"Max 5MB" - 12px, Neutral-400
Upload Button	Primary button with document icon, "Upload Resume"

Table 6: Resume Upload Screen Components

Upload States:

1. **Default:** Dashed border, upload icon visible
2. **Hover:** Background Document Blue-50, border solid
3. **Uploading:** Progress bar (Document Blue-500), percentage text

4. **Success:** Green checkmark, "Upload successful" message
5. **Error:** Red error icon, error message, retry button

File Validation:

- Supported formats: PDF, DOCX
- Maximum size: 5MB
- Display error toast for invalid files

2.2 Resume List Screen

Purpose: View all uploaded resumes
Owner: Meghana (Day 7)

Layout:

- Header with "My Resumes" title and upload FAB
- Filterable list of resume cards
- Empty state illustration

Design Specifications:

Element	Specification
AppBar	Title: "My Resumes", Document Blue-500 accent
FAB	Circular, Document Blue-500, plus icon, bottom-right
Resume Card	White background, 12px radius, 16px padding, shadow-sm
Card Header	Resume filename, 16px SemiBold, Neutral-900
Upload Date	"Uploaded on Mar 15, 2026" - 12px, Neutral-500
Status Badge	Pill shape, 6px radius, background varies by status
Action Buttons	Icon buttons: View, Start Interview, Delete

Table 7: Resume List Screen Components

Status Badges:

Status	Background	Text Color
Parsed	Success-100	Success-700
Parsing	Warning-100	Warning-700
Failed	Error-100	Error-700
Pending	Info-100	Info-700

Table 8: Resume Status Badges

Empty State:

- Illustration: Document icon with dashed outline
- Text: "No resumes uploaded yet"
- Subtext: "Upload your resume to start practicing"
- CTA Button: "Upload Resume"

Pagination: Load more on scroll (10 items per page)

2.3 Resume Details Screen

Purpose: View parsed resume skills and details
Owner: Meghana (Day 8)

Layout:

- AppBar with back navigation
- Resume metadata section
- Parsed skills section with chips
- Start interview button

Design Specifications:

Element	Specification
AppBar	Title: Resume filename (truncated), Document Blue accent
Metadata Card	White card, 12px radius, 16px padding
File Info Row	Icon + text pairs: File size, Upload date, Format
Skills Header	"Parsed Skills" - 18px SemiBold, Neutral-900
Skill Chip	6px radius, Document Blue-100 background, Document Blue-700 text
Chip Layout	Wrap layout, 8px spacing
Start Button	Primary button, full width, "Start Interview"
Delete Button	Secondary button, Error-500 text, "Delete Resume"

Table 9: Resume Details Screen Components

Skill Chips:

- Dynamic wrapping based on screen width
- Interactive: Tap to highlight/unhighlight (optional skill selection)
- Selected state: Document Blue-500 background, White text

Actions:

- **Start Interview:** Navigate to ResumeInterviewStartScreen
- **Delete Resume:** Confirmation dialog before deletion
- **Re-parse:** Option to re-parse if parsing failed

2.4 Resume Interview Start Screen

Purpose: Configure and start resume-based interview
Owner: Meghana (Day 9)

Layout:

- Header with module branding
- Selected skills display
- Interview difficulty selector
- Number of questions selector

- Start interview button

Design Specifications:

Element	Specification
Module Banner	Document Blue-100 background, module icon and title
Skills Section	"Skills to Practice" header, chip list (read-only)
Difficulty Selector	Segmented control: Easy/Medium/Hard
Questions Selector	Dropdown: 5, 10, 15, 20 questions
Time Estimate	"Estimated time: 15-20 minutes" - 12px, Neutral-500
Start Button	Large primary button, "Start Interview", 56px height
Back Button	Text button, "Back to details"

Table 10: Resume Interview Start Screen Components

Difficulty Selector:

Level	Background (Selected)	Description
Easy	Success-100	Basic skill questions
Medium	Warning-100	Intermediate scenarios
Hard	Error-100	Advanced problem-solving

Table 11: Interview Difficulty Levels

Pre-Interview Checklist:

- Toast notification: "Check your microphone permissions"
- Audio permission request on start button tap

---

3. HR Module Screens

Module Color: Empathy Rose `#F53D6E`

3.1 HR Start Screen

Purpose: Introduction to HR/behavioral interview module
Owner: Sai (Day 11)

Layout:

- Module header with Empathy Rose branding
- STAR methodology explanation
- Soft skills focus areas
- Start interview button

Design Specifications:

Element	Specification
Module Banner	Empathy Rose-100 background, HR icon, "HR Interview Practice"
STAR Card	White card, 12px radius, illustration + text
STAR Letters	S-T-A-R icons, Empathy Rose-500 accent
Focus Areas	List of soft skills with checkboxes (Leadership, Teamwork, etc.)
Start Button	Primary button with Empathy Rose-500 background
Info Text	"15-20 behavioral questions" - 14px, Neutral-500

Table 12: HR Start Screen Components

STAR Methodology Card:

- **S**ituation: Context and background
- **T**ask: Your responsibility
- **A**ction: Steps you took
- **R**esult: Outcome and impact

Soft Skills Checklist:

- Leadership
- Teamwork
- Communication
- Problem-solving
- Adaptability
- Time management

3.2 HR Session Screen

Purpose: Live HR interview session with voice interaction
Owner: Sai (Day 12-13)

Layout:

- Top: Question display area
- Center: Voice visualization (waveform)
- Bottom: Controls (pause, end interview)
- Real-time transcript display

Design Specifications:

Element	Specification
AppBar	Minimal, back button, session timer, Empathy Rose accent
Question Card	White card, 16px padding, 12px radius, shadow-md
Question Text	18px SemiBold, Neutral-900, line-height: 1.5
Audio Player	Waveform visualization, Empathy Rose-500 color
Recording Indicator	Pulsing red dot, "Recording..." text
Voice Waveform	Animated bars, height varies with audio level
Transcript Box	Scrollable, 14px Regular, Neutral-700, italic
Control Buttons	Pause (Secondary), End (Error-500 text)

Table 13: HR Session Screen Components

Voice Activity Detection (VAD):

- Visual feedback: Waveform amplitude increases with voice
- Silence detection: Dims waveform after 2 seconds of silence
- Speaking indicator: "Listening..." / "Analyzing..." / "Generating next question..."

Real-Time Transcript:

- Display user's speech as it's transcribed
- Auto-scroll to bottom
- Text color: Neutral-700
- Background: Neutral-50
- Padding: 12px
- Italic font style

Session Controls:

Button	Action	Style
Pause	Pause interview, save state	Secondary, outline
Resume	Resume from pause	Primary, Empathy Rose-500
End Interview	Complete and get feedback	Secondary, Error-500 text

Table 14: Session Control Buttons

Error Handling:

- WebSocket disconnect: Show reconnection toast with countdown
- Audio permission denied: Alert dialog with settings navigation
- Microphone not detected: Error banner with troubleshooting

---

4. Website Module Screens

Module Color: Digital Teal #00D9B8

4.1 URL Input Screen

Purpose: Enter job posting URL for interview practice
Owner: Mouli (Day 10)

Layout:

- Module header with Digital Teal branding
- URL input field with validation
- Preview card (after validation)
- Start interview button

Design Specifications:

Element	Specification
Module Banner	Digital Teal-100 background, website icon, "Website Interview"
URL Input Field	Height: 56px, Digital Teal-300 border, globe icon
Validate Button	Secondary button, "Validate URL", inline with input
Preview Card	White card, 12px radius, appears after validation
Website Title	16px SemiBold, Neutral-900, from scraped metadata
Website Description	14px Regular, Neutral-600, truncated (3 lines max)
Extracted Info	Chip list: Company name, job role (if detected)
Start Button	Primary button, Digital Teal-500, "Start Interview"

Table 15: URL Input Screen Components

URL Validation States:

1. **Initial:** Empty field, placeholder text
2. **Validating:** Loading spinner, "Validating URL..." text
3. **Valid:** Success checkmark, preview card appears

4. **Invalid:** Error icon, "Invalid URL" message, retry button

Preview Card Content:

- Website favicon (if available)
- Page title (scraped from HTML)
- Meta description
- Extracted keywords (chips)

Example URLs:

- Job postings from LinkedIn, Indeed, Naukri
- Company career pages
- Generic web content for comprehension practice

4.2 Website Interview Screen

Purpose: Voice-based interview on website content
Owner: Mouli (Day 11)

Layout:

- Similar to HR Session Screen
- Content comprehension focus
- Reference content accessible via bottom sheet

Design Specifications:

Element	Specification
Question Card	Digital Teal accent, question text
Voice Controls	Same as HR Session Screen, Digital Teal colors
Reference Button	Floating action button, "View Content", bottom-right
Content Sheet	Bottom sheet, 60% screen height, scrollable
Content Preview	Original website content (text extraction)

Table 16: Website Interview Screen Components

Content Bottom Sheet:

- Triggered by FAB or swipe-up gesture
- Display extracted text content
- Scrollable with fixed header
- Close button: X icon, top-right
- Background: White with shadow

Unique Features:

- Comprehension-focused questions
- Reference content always accessible
- Questions test understanding of provided material

---

5. Interview Session Screens (Shared Components)

5.1 Shared Widgets

Owner: Mouli (Day 7, 13)

5.1.1 AppButton Component

Variants:

- Primary
- Secondary
- Outline
- Text

Specifications:

Variant	Background	Text Color
Primary	Primary-500	White
Secondary	Secondary-100	Neutral-900
Outline	Transparent	Primary-500
Text	Transparent	Primary-500

Table 17: AppButton Variants

States: Default, Hover, Pressed, Disabled, Loading

5.1.2 LoadingIndicator Component

Specifications:

- Circular progress indicator
- Color: Module-specific (Primary-500 default)
- Size: Small (16px), Medium (24px), Large (48px)
- Center-screen overlay option with semi-transparent background

5.1.3 SkillChip Component

Specifications:

- Height: 32px
- Padding: 8px horizontal, 6px vertical
- Border radius: 6px
- Background: Module color at 10% opacity
- Text: Module color at 700 shade, 12px SemiBold
- Optional close icon (X)

5.1.4 StatusBadge Component

Specifications:

- Pill-shaped (full border radius)
- Padding: 6px horizontal, 4px vertical
- Font size: 11px SemiBold
- Colors: Match semantic colors (Success, Error, Warning, Info)

5.1.5 ScoreBreakdown Component

Purpose: Display skill scores after interview
Owner: Mouli (Day 13)

Design:

- Card-based layout
- Skill name + progress bar + percentage
- Color-coded by performance level

Score Colors:

Score Range	Color	Label
80-100%	Success-500	Excellent
60-79%	Success-300	Good
40-59%	Warning-500	Average
0-39%	Error-500	Needs Improvement

Table 18: Score Performance Levels

5.1.6 TranscriptView Component

Purpose: Display interview transcript
Owner: Mouli (Day 13)

Design:

- Scrollable list of Q&A pairs
- Question: Bold, Neutral-900
- Answer: Regular, Neutral-700, italic
- Timestamp: 11px, Neutral-400
- Separator: 1px line, Neutral-200

5.2 Feedback Screen

Purpose: Display interview results and feedback
Accessed: After completing any interview module

Layout:

- Overall score card (large, prominent)
- Skill breakdown section
- Improvement tips section
- Transcript viewer
- Action buttons (Review, Retry, Home)

Design Specifications:

Element	Specification
Score Card	Large card, gradient background (Success-50 to Success-100)
Overall Score	48px Bold, center-aligned, score/100 format
Score Label	"Overall Score" - 16px Regular, above score
Performance Badge	Excellent/Good/Average/Needs Improvement
Skills Section	"Performance Breakdown" header, ScoreBreakdown widgets
Tips Section	"Areas for Improvement" header, bulleted list
Transcript Button	Secondary button, "View Full Transcript"
Action Buttons	Primary: "Try Again", Secondary: "Back to Home"

Table 19: Feedback Screen Components

Overall Score Display:

- Circular progress indicator (large, 120px diameter)
- Score percentage in center
- Color matches performance level
- Animation on screen load (count-up effect)

Improvement Tips:

- Icon: Lightbulb, Info-500
- List format: Numbered or bulleted
- Each tip: 14px Regular, Neutral-700
- Spacing: 12px between tips
- Background: Info-50, 8px padding

Transcript Viewer:

- Opens in modal/bottom sheet
- Full conversation history
- Searchable/filterable
- Export option (PDF/Text)

---

6. Analytics Screens

Module Owner: Meghana (Day 11-13)

6.1 Analytics Dashboard

Purpose: Overview of user performance and progress

Layout:

- Summary cards (Total Sessions, Average Score, Time Spent)
- Performance chart (line graph)
- Recent sessions list
- Module breakdown (Resume, HR, Website)

Design Specifications:

Element	Specification
Summary Cards	Row of 3 cards, equal width, 12px radius
Card Value	24px Bold, center-aligned, Primary-700
Card Label	12px Regular, Neutral-500, below value
Chart Container	White card, 16px padding, 12px radius
Chart Type	Line chart with gradient fill
Chart Colors	Primary-500 line, Primary-50 gradient fill
X-Axis	Date labels, 11px, Neutral-400
Y-Axis	Score (0-100), 11px, Neutral-400

Table 20: Analytics Dashboard Components

Summary Metrics:

1. **Total Sessions:** Count of completed interviews
2. **Average Score:** Mean score across all sessions
3. **Time Spent:** Total practice time in hours

Performance Chart:

- Time period selector: 7 days, 30 days, All time
- Data points: Average score per day
- Interactive: Tap data point to see details

- Animated entry: Draws line on load

Recent Sessions List:

- Card-based, scrollable horizontally
- Each card: Module icon, date, score, duration
- Tap to view detailed feedback

Module Breakdown:

Module	Metric	Visualization
Resume	Sessions count, avg score	Progress bar
HR	Sessions count, avg score	Progress bar
Website	Sessions count, avg score	Progress bar

Table 21: Module Performance Breakdown

---

7. Navigation and Layout

7.1 Bottom Navigation Bar

Purpose: Primary app navigation
Position: Fixed bottom

Design Specifications:

\begin{table}

Tab	Icon	Label
Home	home_outlined	Home
Resume	description_outlined	Resume
HR	people_outlined	HR
Website	language_outlined	Website
Analytics	analytics_outlined	Analytics

\end{table>

States:

- **Inactive:** Icon Neutral-400, Label 11px Neutral-400
- **Active:** Icon Primary-500, Label 11px Primary-500, indicator line above

Styling:

- Background: White
- Height: 64px
- Shadow: Elevation 8
- Active indicator: 3px height, Primary-500, above selected tab

---

7.2 App Bar (Toolbar)

Standard Configuration:

\begin{table}

Element	Specification
Height	56px
Background	White (light theme), Neutral-800 (dark theme)
Elevation	1 (subtle shadow)
Title	18px SemiBold, center or left-aligned
Back Button	Icon button, 24px icon, left side
Actions	Icon buttons, 24px icons, right side

\end{table>

Module-Specific AppBars:

- Use module accent color for title text
- Optional: Gradient background with module colors

---

8. Accessibility and Responsive Design

8.1 Accessibility Guidelines

Text Contrast:

- All text meets WCAG AA standards (4.5:1 for normal text)
- Large text (18px+): 3:1 minimum

Touch Targets:

- Minimum: 48x48px (buttons, interactive elements)
- Spacing: 8px minimum between interactive elements

Screen Reader Support:

- Semantic labels for all icons and images
- Logical focus order
- Announcement of state changes

Color Independence:

- Never rely solely on color to convey information
- Use icons + text for status indicators
- Patterns/shapes for data visualization

8.2 Responsive Design

Breakpoints:

- Small: < 360px width
- Medium: 360-600px width (primary target)
- Large: 600-840px width (tablets)
- Extra Large: > 840px width

Adaptation Strategy:

- Fluid layouts with percentage-based widths
- Responsive typography (scale factor adjustments)
- Column count adjustments for grids
- Stack layouts on small screens, side-by-side on large

---

9. Animations and Transitions

9.1 Standard Transitions

Page Transitions:

- Duration: 300ms
- Curve: Ease-in-out
- Type: Slide from right (forward), slide to right (back)

Component Animations:

\begin{table}

Animation	Duration	Use Case
Fade In	200ms	Loading states, new content
Slide Up	250ms	Bottom sheets, modals
Scale	150ms	Button press feedback
Ripple	300ms	Touch feedback
Expand/Collapse	300ms	Expandable cards, accordions

\end{table>

Voice Waveform Animation:

- Continuous loop during recording
- Amplitude responds to audio level
- Smooth interpolation (60fps target)
- Pause animation when silent

9.2 Loading States

Skeleton Screens:

- Used for content loading (list items, cards)
- Shimmer effect animation (left to right, 1.5s duration)
- Gradient: Neutral-100 to Neutral-200 to Neutral-100

Progress Indicators:

- Circular: Indeterminate (spinning), color: Primary-500
- Linear: Determinate (with percentage), bottom of AppBar
- Overlay: Full-screen with semi-transparent background

---

10. Dark Theme Specifications

10.1 Dark Theme Colors

Background Colors:

- Primary: `#0D0F12` (Level 0)
- Secondary: `#161A1F` (Level 1 - Cards)
- Tertiary: `#1E2329` (Level 2 - Modals)

Text Colors:

- Primary: `#F0F2F5` (Headlines, body)
- Secondary: `#A8ADB5` (Descriptions, metadata)
- Disabled: `#4B5563` (Disabled states)

Accent Colors:

- Primary: `#50B4C8` (Lighter Arctic Blue for dark theme)
- Secondary: `#35BC82` (Mint Fresh - same)
- Tertiary: `#FFB04D` (Warm Amber - same)

Module Colors (Dark Theme Adjustments):

- Resume: `#4D8BFF` (Lighter Document Blue)
- HR: `#FF6B94` (Lighter Empathy Rose)
- Website: `#1AF5D4` (Lighter Digital Teal)

10.2 Dark Theme Adaptation Rules

Elevation:

- Higher elevation = lighter surface color
- Use subtle lighting effect (not shadows)

Borders:

- Reduce opacity to 20% in dark theme

- Use lighter colors: Neutral-600 instead of Neutral-300

Images:

- Reduce opacity by 15% for better contrast
- Add subtle border (1px, Neutral-700)

---

11. Error States and Empty States

11.1 Error State Patterns

Network Error:

- Icon: WiFi off, Error-500, 64px
- Title: "Connection Lost" - 18px SemiBold
- Message: "Please check your internet connection" - 14px Regular
- Action: "Retry" button (Primary)

Server Error:

- Icon: Server error, Error-500, 64px
- Title: "Something went wrong" - 18px SemiBold
- Message: "We're working on it. Please try again later." - 14px Regular
- Action: "Go Home" button (Secondary)

Validation Error:

- Inline error text below field
- Error color: Error-500
- Icon: Error outline, 16px, left of text
- Border color changes to Error-500

11.2 Empty State Patterns

Empty List:

- Illustration: Related to content type (documents, people, etc.)
- Size: 200x200px max, center-aligned
- Title: Context-specific - 18px SemiBold, Neutral-700
- Message: Helpful text - 14px Regular, Neutral-500

- Action: Primary CTA button

No Search Results:

- Icon: Search with X overlay, Neutral-400, 64px
- Title: "No results found" - 18px SemiBold
- Message: "Try adjusting your search terms" - 14px Regular
- Action: "Clear Search" button (Secondary)

---

12. Implementation Notes

12.1 Flutter Widget Structure

Recommended Architecture:

- State Management: Riverpod
- Routing: GoRouter
- Theme: ThemeData with custom extensions
- Localization: flutter_localizations

Color Implementation:

\begin{verbatim}
class QlueColors {
// Primary - Arctic Blue
static const Color primary50 = Color(0xFFF0F7FF);
static const Color primary500 = Color(0xFF1A73C7);
static const Color primary700 = Color(0xFF094485);
// Module Colors
static const Color moduleResume = Color(0xFF2668E8);
static const Color moduleHR = Color(0xFFF53D6E);
static const Color moduleWebsite = Color(0xFF00D9B8);
// Semantic
static const Color success = Color(0xFF1D9D54);
static const Color error = Color(0xFFE84343);
static const Color warning = Color(0xFFF5AC00);
static const Color info = Color(0xFF0095E8);
}
\end{verbatim}

12.2 Responsive Layout Utilities

Use MediaQuery for screen size:
Responsive padding:

12.3 Animation Implementation

Page transitions:
\begin{verbatim}
PageRouteBuilder(
pageBuilder: (context, animation, secondaryAnimation) =>
NextPage(),
transitionsBuilder: (context, animation, secondaryAnimation, child) {
const begin = Offset(1.0, 0.0);
const end = Offset.zero;
const curve = Curves.easeInOut;

```
var tween = Tween(begin: begin, end: end).chain(
  CurveTween(curve: curve),
);

return SlideTransition(
  position: animation.drive(tween),
  child: child,
);
```

},
)
\end{verbatim>

---

13. Quality Assurance Checklist

13.1 Visual QA

- ☐ All colors match design system specifications
- ☐ Typography scales correctly on different screen sizes
- ☐ Icons are consistent size and style throughout
- ☐ Spacing follows 4px/8px/16px/24px/32px grid
- ☐ Border radius consistent for similar elements
- ☐ Shadows and elevation levels appropriate

- ☐ Dark theme properly implemented for all screens

13.2 Interaction QA

- ☐ All buttons have appropriate touch feedback
- ☐ Form validation works correctly
- ☐ Loading states display during async operations
- ☐ Error states handle all failure scenarios
- ☐ Navigation flows work as expected
- ☐ Back button behavior is correct
- ☐ Animations are smooth (60fps)

13.3 Accessibility QA

\begin{itemize}
\item[☐] Text contrast meets WCAG AA standards
\item[☐] Touch targets are minimum 48x48px
\item[☐] Screen reader labels are descriptive
\item[☐] Focus order is logical
\item[☐] Color is not the only means of conveying information
\item[☐] Interactive elements are keyboard accessible
\end{itemize>

---

14. Conclusion

This UI design specification provides a comprehensive blueprint for implementing all Flutter screens in the Qlue mobile application. The designs prioritize:
\begin{itemize}
\item **Consistency:** Unified design language across all modules
\item **Usability:** Intuitive navigation and clear visual hierarchy
\item **Accessibility:** WCAG AA compliance and inclusive design
\item **Modularity:** Reusable components and clear module identities
\item **Performance:** Smooth animations and responsive layouts
\end{itemize>
Next Steps:
\begin{enumerate}
\item Review designs with stakeholders
\item Create high-fidelity mockups in Figma
\item Implement screens following day-by-day work plan

\item Conduct usability testing with target users
\item Iterate based on feedback
\end{enumerate>

Design Handoff:

- Provide Figma files with all specifications
- Export assets (icons, illustrations) at 1x, 2x, 3x resolutions
- Document any custom animations or interactions
- Create design system component library in Figma

Appendix A: Screen Flow Diagram

Authentication Flow:
SplashScreen → LoginScreen → [RegisterScreen] → Home
Resume Module Flow:
ResumeUploadScreen → ResumeListScreen → ResumeDetailsScreen → ResumeInterviewStartScreen → SessionScreen → FeedbackScreen
HR Module Flow:
HRStartScreen → HRSessionScreen → FeedbackScreen
Website Module Flow:
URLInputScreen → WebsiteInterviewScreen → FeedbackScreen
Analytics Flow:
AnalyticsDashboard → Session Details → Feedback Review

Appendix B: Component Library

Buttons

- Primary Button
- Secondary Button
- Outline Button
- Text Button
- Icon Button
- Floating Action Button (FAB)

Form Elements

- Text Input Field
- Password Input Field
- Dropdown Selector
- Checkbox

- Radio Button
- Toggle Switch
- Segmented Control

Display Components

- Card
- Chip
- Badge
- Avatar
- Progress Bar
- Progress Indicator (Circular/Linear)
- Divider

Navigation

- Bottom Navigation Bar
- AppBar/Toolbar
- Tab Bar
- Drawer (Side Menu)

Feedback

- Toast/Snackbar
- Alert Dialog
- Bottom Sheet
- Modal

Data Display

- List Item
- Grid Item
- Chart (Line, Bar, Pie)
- Table
- Timeline

Appendix C: Icon Set

Navigation Icons:

- home, description, people, language, analytics
- arrow_back, close, menu, settings

Action Icons:

- add, edit, delete, save, cancel, refresh
- upload, download, share, search

Status Icons:

- check_circle, error, warning, info
- visibility, visibility_off, lock, lock_open

Media Icons:

- mic, mic_off, volume_up, volume_off
- play_arrow, pause, stop, skip_next

Module Icons:

- document (Resume), person (HR), web (Website)
- star, trending_up, schedule, notifications

Appendix D: Color Reference Table

Color Name	Hex Code	Usage
Primary-500	#1A73C7	Main CTAs, primary actions
Primary-600	#0D5AA8	Hover states
Primary-700	#094485	Active/pressed states
Secondary-500	#1A9D66	Secondary actions
Tertiary-500	#FF9326	Accent highlights
Success-500	#1D9D54	Success states
Error-500	#E84343	Error states
Warning-500	#F5AC00	Warning states
Info-500	#0095E8	Info states
Module-Resume	#2668E8	Resume module accent
Module-HR	#F53D6E	HR module accent
Module-Website	#00D9B8	Website module accent
Neutral-900	#151B24	Primary text
Neutral-500	#5C6B82	Secondary text
Neutral-300	#B3BCCD	Borders, disabled
Neutral-50	#F7F8FA	Background tints

Table 22: Complete Color Reference
